PROJECTS

Book Store Application - MERN Stack

Mar 2025 - Jun 2025

<https://bookstore-sr.vercel.app>

Built a full-stack **MERN** e-commerce bookstore with **JWT authentication**, cart, favorites, and “Buy Now” checkout flow. Implemented **REST APIs** for order management and history tracking, along with user and admin dashboards. Added dark/light mode (local storage), used **Context API** and Tailwind CSS for responsive UI. Deployed on Vercel.

Task Manager Application - MERN Stack

Feb 2026 - Jun 2026

<https://taskmanager-sr.vercel.app>

Built a full-stack **MERN** task management application with **JWT-based user authentication** and dynamic **task tracking**. Enabled users to create, update, and manage tasks with status-based workflows (To Do, In Progress, Completed). Designed **REST APIs** for task operations and implemented protected routes to ensure secure access. Managed state efficiently for **real-time UI updates** and built a responsive interface using Tailwind CSS.
